## CHAMBLIN GIVES ADVICE TO YOUTHS LEAVING FOR CHAIR

Murderer of Two at Portsmouth Tells Youth Not to Carry Guns Or Jump On Freight Trains.

Portsmouth, Ohio. — "Before leaving here I want to deliver a message to the young men of Portsmouth, or any other city," Roy Chamblin, condemned to die in the electric chair on February 24th, said.

"Tell them for me not to do two things, ride freight trains or carry a gun. I have done both almost all my life and look where I am today," the murderer said and tears glistened in his deep, gray eyes and he hung his head.

"Yes, for my sake and for God's sake tell them my farewell message. I wish I had never seen a freight train or a gun. I never had a chance in this world, but I'll admit I had no business being armed all the time."

Roy Chamblin, who must expiate the murder of John W. Newman and Miss Louise Doyle in the electric chair on the morning of February 24th now occupies a cell in the death annex at the Ohio penitentiary. He was delivered to the warden of the penitentiary Thursday morning by Sheriff E. E. Riskey and N. & W. Detective Andy Leslie. They left with their prisoner at 7:10 and four hours later Chamblin was in the grim confines of the death chamber, there to await his electrocution as the extreme penalty for the killing of Newman and Miss Doyle.

Chamblin, as he emerged from his little drab cell at the county jail to begin the first step of his death trip, presented a sorrowful spectacle. His face was drawn, his eyes were heavy and apparently he had not slept the night before.

"Well, how do you feel?" Deputy Sheriff B. F. Bennett asked Chamblin while they were waiting in the lobby of the sheriff's office to start for the depot.

"Well, you know how I feel. Don't ever do anything to get the experience I have just passed through. No one knows but me what I have suffered for the crimes I committed," Chamblin replied.

## UNABLE TO ESTABLISH HER IDENTITY; WOMAN BURIED

All Efforts of Coroner and Local Officials to Learn Identity of Colored Woman Are Unavailing.

After endeavoring for two days to learn the identity of the colored woman killed Thursday afternoon by C. & O. passenger train-No. 2 near Sullivan's Curve, just below Maysville Coroner Higgins and local officials have given up the hopes of learning who the woman is and she was Saturday buried by the county in the Pottery Field and her grave marked as an unknown.

From talks persons living along the railroad had with the woman on the day she met her death, it was thought that she either lived in Cincinnati or Cincinnati but officials in those towns have been asked to search for a missing colored woman and they are unable to give the local officials any information upon which they might be enabled to base a closer search.

The body has been photographed by the coroner and her photograph will be kept on file for use in the event he is enabled within a reasonable time to learn of a missing colored woman. From the fact that she wore several suits of underwear and several pairs of stockings, it is supposed that she was a tramp probably without a home.

## GREATEST CROWD OF WEEK VISITS FAIR ON LEGION DAY

Warehouse Crowded Friday and Saturday Evening — Saturday Is Expected to Be the Biggest Day of the Entire Week.

Great crowds thronged the Corn and Tobacco Fair at the Liberty warehouse Friday — American Legion Day and on Friday evening the warehouse was as crowded as it has ever been at any previous fair.

The program for Friday was a very delightful one and everyone attending enjoyed every minute of the entire day. The evening program was especially attractive and the big dance was a success from every point except the masking. There were very few who were masked but the youngsters had a great time up until an early hour Saturday morning.

Saturday promises to even eclipse Friday for crowds and entertainment. Saturday is Mayslick Day and during the afternoon the famous Mayslick Boys' Band will play a concert which should be heard by all. This is one of the coming musical organizations of this section. It is the youngest musical organization in the county and yet it is enabled to make first class music. During the evening it is expected that every one from the city will be in attendance. No one should miss the last big night of the fair. It will be well worth attending.

Saturday afternoon the big Baby Show will be held with the assistance of the officials of the Mason County Health League and this Baby Show is expected to be one of the biggest features of the entire week. All parents should bring their babies under one year of age for entrance.

## HALF-GALLON MOONSHINE UNBALANCED CINCINNATI

Man Who Attacked the Minton Boys Says He Drank a Half-Gallon of Moonshine — Forgot Everything.

Friday night at the Cincinnati General Hospital a new drink was discovered.

Wearied attendants of the strong ward are all for calling it a "fido cocktail." The nurses believe it should be named a "molar highball."

The drink was discovered when George Smith, 22 years old, lineman, 213 Fifteenth street, awoke with a thick tongue and a headache.

Smith is the man who attacked Fred and William Minton, former Maysville printers in Cincinnati on Thursday and bit them badly on the ears and face. On Friday night the Mintons viewed Smith at the hospital and identified him. They stated, however, that they will not prosecute him.

Finally, Smith revealed the nature of the spiritual inspiration that so completely denatured him on Thursday night.

"I bought a half gallon of moonshine whisky early in the evening he said. 'I went to my room and drank the liquor in tumblers. After drinking for five minutes I had drained the jug. After that — well, after that, all I remember is somebody saying, 'Sit up and drink this,' here today about noon."

## MANY HELP MERZ BROS. EAT THEIR BIRTHDAY CAKE

Many women crowded Merz Brothers' big department store Saturday to assist in the celebration of their twentieth business anniversary in Maysville. The huge birthday cake which has been on display in their window several days, was cut. Distributed throughout the cake was twenty dollars in gold in various denominations and this gold was found by those helping to eat the cake. There was a great rush at Merz Brothers' all day Saturday.

## STEEL IN CARGO IS EXPECTED TO HOLD BOAT TO BOTTOM

Sunken Ohio River Steamer Is Expected to Be Held Where She Sank So That She Can Be Raised When River Falls Enough.

The muddy waters of the Ohio River rose two feet nine inches Friday and covered the hull of the ill-fated Chillicothe, which sank a half mile below Dam No. 35 at New Richmond, O., Thursday night.

A. M. Stanford, lock master at the dam, said Friday night that the river was rising at the rate of two-tenths of a foot per hour and that the hull of the Chillicothe already was under the surface of the water.

Twenty minutes after the Chillicothe struck a guide wall of the dam, about one hundred feet from the Kentucky shore Thursday night, the steamer sank to the bottom of the river, leaving two and a half feet of her hull above the surface. With the packet sank a cargo worth approximately \$50,000. All on board were saved.

Mrs. Greene, wife of Captain Gordon C. Greene, owner of the Chillicothe and General Manager of the Greene Line Packet Company, said Friday that a low estimate would place the value of the cargo at \$50,000, and that the boat could not be duplicated for less than \$35,000. Thus the total loss was about \$85,000.

There was no insurance on the Chillicothe, according to Mrs. Greene. She said that her husband had discontinued the insurance on all of his boats several years ago because of the high rates charged by insurance companies. On the packet was a heavy consignment of steel, which Captain Jack Ward, who was in command of the boat when she sank, believes will hold it until the water in the river goes down and it can be raised. The boat is fastened securely to the shore with lines and chains and it is believed

## DAN CUPID DEFEATED BY IRATE FOSTER PARENT

Telephone Message Stops Wedding of Nicholas County Couple—Foster Father Reclaims Would-be Bride.

Local police were advised by long distance telephone Saturday morning by a Mr. Whittier, who lives in Nicholas county near Carlisle, to prevent the marriage of Saphia Blake, aged 18, and Thomas McGinley as the would-be bride was under age and eloped without the consent of her guardian.

Early Saturday morning the couple applied at the County Clerk's office for marriage license but they found an officer in waiting who took them in charge. The foster father was advised and he arrived here in an automobile before noon and took the young lady back to her Nicholas county home.

Miss Blake is an orphan who was adopted about eleven years ago by Mr. Wallace who was very bitterly opposed to her marriage.

## WIFE ASKS DIVORCE.

In the Mason Circuit Court Saturday afternoon Mrs. Katie Williams filed suit asking a divorce from her husband, William Gohel Williams, charging desertion.

They will keep the steamer in place. There also was on the boat a quantity of lumber, groceries and miscellaneous merchandise, which may be recovered when it is raised.

## BOTH WIVES OF LOUISVILLE MAN APPEAR SATISFIED

Louisville Man Arrested for Bigamy Although Both Wives Cling To Him and to Each Other—Parents Cause Arrest.

Louisville, Ky., Nov. 19. — Two wives, Mrs. Mary Lee Long, 36, whom he married 17 years ago, and Mrs. Marjorie McFall Long, 19, to whom he was wed in New Albany, Ind., Wednesday, were responsible for Willard W. Long, 42, being held by police today.

He was arrested last night, and agreed to return to New Albany without requisition papers to answer a charge of bigamy.

Long is alleged to have taken his second wife to his home, near New Albany, to live with his first wife and their daughter, Clara Lee Long, 16, student at New Albany High School. Long was not worried over the charge. "Why should I be?" he asked. "Everyone is satisfied. My first wife just loves Marjorie, who is a friend of my daughter. It will be so nice for them."

The second Mrs. Long is the daughter of T. Q. McFall, Louisville insurance man. Her mother swore out the warrant for Long, but the girl, pellico say, refused to leave her husband.

## OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

## GENTLEMEN, HERE'S OUR HAND.

Practically all the smoke from the election battles has now cleared away and the results have been determined and announced. It was in many respects, a battle comparable only to some of the greater conflicts of the World War. Things were said and done probably that should not have been but as we have now had time to think, we should accept the verdict of the majority without question and put our shoulders to the wheel.

Officials were chosen in several instances who were not our choice but to those as well as to those of our choice who were elected, we herewith pledge the support of the PUBLIC LEDGER in an effort to make Mason county and Maysville the best county and city in Kentucky.

Whether they be of our political faith or not, all those men elected on the Tuesday after the first Monday in November are our officials and we pledge them our support during their administration. There may be times when we may not agree and there may be times when the PUBLIC LEDGER feels called upon to criticize. Our criticism, however, shall be constructive—not destructive and colored with abuse.

Gentlemen, call on us if we can help you "put it over."

## A PLAN WE DISAPPROVE.

During the pre-election period when the campaign was on in earnest, we were several times moved to editorially place our stamp of disapproval on a scheme worked overtime by some of the churches and schools of Maysville and Mason county to raise funds but we permitted ourselves to pass the matter by.

Now that the election is over and we have four years during which to ponder before another county election, we are going to suggest to our good friends of the women's church auxiliaries and the Parent-Teachers' Associations of the various schools that it is not only unfair to indirectly force candidates to spend large sums of money in pre-election campaigns, but pie-suppers, ice cream suppers and market sales are very poor systems for raising funds for such splendid causes as spreading the gospel of Christ and educating the youth of our land.

Money spent at church and school affairs constituted the greater part of the campaign expenses of some candidates.

In the 1925 campaign let's not practice this plan in Mason county. We have just as fine churches and schools in Mason county as are to be found in Kentucky and we are certain they shall prosper without this questionable system of financing.

## WOMEN VOTERS INFORM THEMSELVES.

Those women who have taken the lead in the forming of the Mason County League of Women Voters are to be commended for their forward step in organizing for the purpose of informing themselves on the various angles of the new responsibility placed upon them when they were granted the right of suffrage.

It is true there were many women who did not want suffrage and who made no effort to obtain it, but now, that it is granted, they should do their utmost to exercise this privilege and duty in the most intelligent manner.

The Mason County League of Women Voters provides the best way we know anything about for the women of Mason county to advise themselves on these new duties as voting citizens. Every woman should attend its meetings and take advantage of every opportunity the league shall offer them.

Womanhood has always been the strongest moral influence in our lives and an intelligent voting womanhood shall yet be the moral bulwark of our nation.

## COME AGAIN ODD FELLOWS.

Maysville has entertained this week the representatives of the various Odd Fellows lodges of Kentucky at the annual meeting of the Kentucky Grand Lodge. They were a fine lot of gentlemen and it has been a great pleasure to have them with us for only a short time.

The principles of the grand order they represent—Friendship, Love and Truth—are among the most ennobling of the human heart. The practice of these ennobling principles in the protection of their unfortunate brothers and the care of their fallen brothers' widows and orphans commends their order to the outside world.

Their fraternalism and the promulgation of their unselfish plans in our midst has done Maysville good.

Come again Odd Fellows.

## ANOTHER GOOD MAN GONE.

In the death of J. Elgin Anderson, Mason county has lost one of her best and most worth-while citizens. He was not only a progressive business man, recognized as the head of his community, but a four-square Christian gentleman of the highest type whose influence spread like leaven throughout the territory in which he lived and beyond.

Mason county can ill afford to lose such citizens. There are too few men of his caliber and influence in the country today.

While his life is ended, his stamp upon the community is indelible and shall last for all time.

## LEDGER'S FAMILY INCREASES.

There have been twenty-four new country subscribers added to our mailing lists this week. We appreciate the large growth in our country circulation in the past month. There are many others in the county who should be daily readers of the PUBLIC LEDGER. If our circulation in the country continues its present rapid growth, we can promise our readers a bigger and a better paper in the near future.

There's not so much difference living in a Third Class city. Is there?

## THE DRUGSTORE HAS CHANGED ITS WAYS

Plex Water and Candy Play a Big Part in These Modern Days.

The house of the servant of Aesculapius has certainly undergone a most marvelous transformation. The substitution of vegetable and mineral substances for powdered snail-shells, extracted frogs' eyes and dedicated deer dung was a process of centuries and their place of residence still remained the house of healing, but with the revolution of the past few years the drug store is no more except in name. It still caters to the inner man, but is more a heavenly annex to the grocery store than a dispensary of cures for human ills. The mixer of drinks has become a far more important person than the pharmacist. Even the globes of colored fluids, which, in nights gone by, directed the seeker after relief from bodily ills to the harbor of hope, are fast disappearing. The lights have lost their significance, are extinguished at an early hour, the key is turned, and the proprietor retires for an all night's rest, while poor humanity must put up with its phials as best it may, until long after the break of the succeeding day.

The factors which have worked this extraordinary change are not apparent on the surface, but, in general, are better sanitation and, so, less sickness; better medical knowledge, and more ready cash. The drugs which, in a generation past, were employed for the "treatment" (not cure) of typhoid fever would, alone, have kept one of the old-time apothecaries busy in any community. So desperate and so long an illness makes it difficult, even now, not to employ many medicines to bolster the courage of the well, even when they seem of doubtful value to the sick.

The actual laboratory testing of drugs, with the failure of most of them to live up to their reputation, has, of course, greatly reduced the writing of elaborate prescriptions, and sent a whole host of drugs into oblivion, though their names and histories and suggestion of their supposed magical virtues are still preserved in that monument of medicinal ignorance—the pharmacopoeia.

Where our ancestors of a century or so since swallowed tons of liquor and mountains of meat, we laibibe fountains of fizzing water and consume freezers of cream and counters of confection. We are certainly more

## Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 185 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject. I will always have a good word for your medicine and you may use my name whenever you wish."

## New York Letter

by Lucy Jeanne Price

New York. — The people who insist upon realism on the stage to the point of having real food and real drinks served when occasion demands — should listen to the sad story of Mephisto, the monkey who has been these many seasons, amusing audiences with his "soused" act. Mephisto has been taught to drink colored water from a bottle and assume to himself all the symptoms of a badly inebriated drinker. He came over from Cuba the other day with the rest of an animal troupe and some one had the clever idea of placing a bottle at his hand such as he is accustomed to use in his act, only loaded with real Cuban liquor. When the ship made port, Mephisto was a very much subdued monkey. One could read in his pathetic face all the vows of "Never again!" But his trainer is going to have difficulty ever getting him to go through the bottle part of his act in the future.

An eight-hour day and conditions for lifting housework to a place of

greater social dignity, with \$18 a week compensation, is the aim of the Bureau of Household Occupations recently established here. The bureau acts as consulting engineer to worried housewives, and among other things, takes over the matter of systemizing households, to accommodate the 48 hour week. Mrs. George D. Pratt and Mrs. Henry S. Patterson, of the executive committee declare the plan is the only solution of the problem and is practicable "as soon as women employers are educated."

Probably no one in the world but Ed Wyman would have had the alvettie and the nerve to call a production written, staged and acted by himself, "The Perfect Fool." And certainly no one in the world could have carried it off so well. The public loves his frank titling with the same affection they give to his performance. Who wouldn't? "The Perfect Fool," which opened the other day at the George M. Cohan Theater, is one of the funniest things which has struck Broadway in

a long time, largely, of course, because of the benign Ed Wyman, but additionally because of the llaes themselves. The music is blithe and peppy, too.

—NY—  
It doesn't seem as though this can be such a terribly wicked city, after all, when a wife goes to court about it because her husband and a woman guest ate pieces of each other's apple pie. And that has been done—over in Brooklyn, to be sure, which isn't supposed to live up to the riotous habits of Manhattan, but nevertheless, it is a part of New York City. Mrs. Samuel D. Applegate makes that serious charge against her husband and the lady guest in answer to Mr. Applegate's suit for annulment of their marriage.

—NY—  
Radium worth \$265,000 shone in the Grand Central Palace the other night, as one attraction in the Health Show. It was only about a teaspoonful, too. Three policemen, clubs in hand, stood in close guard, although one remarked "if anybody got away with it, what the devil would he do with it?"

—NY—  
The piano on which Jenny Lind played when P. T. Barnum introduced the Swedish Nightingale to New York was pushed onto the stage at Swedish Night at "America's Making," and old-fashioned airs its yellowed keys were played by a young woman in the ruffled hoopskirts of Jenny Lind's day. The piano originally belonged to Mrs. John Buckley, an important figure in New York social life who was the singer's hostess during her stay here. It is now owned by Mrs. John W. Tobin, who lent it for the occasion.

—NY—  
The famous royal Persian tent, as large as a small house and with embroidered figures life size, of princes and princesses in its decorations, was sold in the Alister McKelvie collection the other day of Mrs. Thomas Kieran, for \$3,750. It is one of the most valuable 18th century Persian treasures in this country.

—NY—  
Women painters and sculptors are coming to the front in great numbers in this country. Within the last ten days, forty new members have come into their National Association, whose center is in this city. In the group of 65 paintings, miniatures and sculptures which the American Federation of Arts is sending out among its traveling exhibitions, the work of the women of eleven states is represented.

—NY—  
YEGGMEY INTERRUPTED BUT MAKE GOOD ESCAPE.

Bowling Green — The grocery of L. J. Kirby, Woodburn, was entered. Bloodhounds followed a trail which led them around the town to a point where it is believed the robbers entered an automobile. A piece of use was found on the safe, also a rag saturated with nitro-glycerin.

### SOUTHERN BAPTISTS WILL SUPPLY CLOTHES TO STARVING RUSSIANS.

Secretary of Foreign Missions of the Southern Baptists Lays Plans To Assist Baptists of Russia.

Nashville, Tenn. — Responding to an urgent appeal from Herbert Hoover that Southern Baptists aid in the relief of Russia by furnishing food and clothing to the suffering Baptists of that country, Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention, announces that Board has set in motion machinery that he hopes will result in the provision of a shipload of clothing to the suffering Russian Baptists within the next few weeks, by the local churches of the South. The American Relief Administration will transport the clothing without cost and will furnish food from its supplies at actual cost.

It has been impossible heretofore for the Baptists of America to get in intimate contact with their spiritual kinsmen of Russia, of whom there were 1,000,000 at the outset of the war, but the decision of Southern Baptists to enter Russia as a mission field has heightened the interest of the local churches of this section in the welfare of all the Russian people.

Last winter Southern Baptists sent \$100,000 worth of clothing and a similar amount in cash to the suffering families of Hungary, a new mission field, and inasmuch as the number of people affected and the intensity of the suffering are much greater in Russia than they ever were in Hungary and other countries of Central

Europe, Secretary Love hopes the response of Southern Baptists to the appeal of Russia will be correspondingly larger.

Due to the agreement at the outset of the 75 million campaign that no special collections would be conducted during the life of the campaign for objects not included therein, the Foreign Mission Board will not make an appeal for cash for relief work, but if individuals and churches desire of their own volition to make cash offerings the board will gladly receive the funds and purchase food supplies for starving Russians through the American Relief Administration. Mr. Hoover's agents say \$15 will save the life of a Russian child from now until the fall of 1922.

Directions for assembling and forwarding the clothing that is asked for Russia will be issued by Dr. Love through the regular denominational channels.

### GAME SHIPMENTS MUST BE LABELED.

The Bureau of Biological Survey of United States Department of Agriculture, calls attention to the fact that under Federal law all packages in which wild ducks, geese, and other migratory game birds are transported must have the name of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds contained therein clearly and conspicuously marked on the outside of the box. Sportsmen shipping game birds without proper markings are liable to prosecution in the Federal courts and the birds to seizure and condemnation.

### JUDGE BLAKEY, NATIVE OF RUSSELLVILLE DEAD.

Henderson — Judge William M. Blakely, 71 years old, for fifty years a resident of Evansville, is dead at Pueblo, Colo. Judge Blakely was a native of Russellville, Ky., and had resided at Evansville until two years ago. He served as both city and Circuit judge and was an active Democrat.

### MANY LIKE THIS IN MAYSVILLE Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Maysville. It is an easy matter to verify it. You cannot ask for better proof. Jno. T. Bramel, retired bookkeeper, 108 West Front street, Maysville, says: "Doan's Kidney Pills have been of great advantage to me and I contribute fourteen years of my life to them. It was some years ago that I found I had kidney trouble and suffered severely with it. After a long course of Doan's Kidney Pills I became well and had no trouble for many years. Just recently I noticed my kidneys were again out of order and my system was generally weak. I knew it was a return of the trouble. I did not lose any time in getting a box of Doan's Kidney Pills and they have given me the same good results and I consider them a wonderful remedy." (Statement given November 15, 1916.) On November 22, 1920, Mr. Bramel said: "I couldn't recommend a better remedy than Doan's Kidney Pills after the benefit they were to me when I was about down and out with the worst form of kidney trouble. I gave a statement many years ago regarding the merit of this wonderful remedy. My cure has been a lasting one." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bramel had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

This little bit of advice may help you to regain your Health, Strength and Vitality

Thousands of people suffer from nervousness. They are run down and miserable without knowing the reason why.

They do not stop to think that much of their trouble may be caused by drinking tea and coffee which contain the drugs, thein and caffeine. When you over-stimulate the system for any period of time, the result may be nervousness with its many accompanying ills. You may fail to sleep properly and your sleep does not refresh you as it should.

Postum, made from scientifically roasted cereals, will help you to overcome all these conditions. For it contains only healthful substances, instead of drugs, as are found in tea and coffee.

Postum helps build sound nerve structure, by letting you get sound, restful sleep.

In flavor, Postum is much like high-grade coffee. In fact there are many people who prefer Postum for its savory flavor alone.

Order Postum from your grocer today. Serve this rich, fragrant beverage for the family. See how the children will like it, and how much better everybody will sleep at night.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## SIMPLICITY IS THE TRUE THANKSGIVING SAYS HOME EXPERT

Expert of State Experiment Station Suggests Simple Thanksgiving Menus.

Reducing the frills of the usual Thanksgiving dinner and increasing the attention paid to home or community activities on that day is a logical way in which Americans can celebrate the holiday in fitting style, according to Miss Maybelle Cornell, head of the home economics department of the College of Agriculture. While certain foods are particularly appropriate for the day it is neither wise or necessary in carrying out the traditions of the day to sacrifice all else in order to heap the table with burdens of rich and many times improper food. Church services in the morning, followed by a simple but well-prepared dinner at noon and appropriate home amusements in the afternoon and evening constitute a celebration that will most nearly approach that of the colonial settlers, according to Miss Cornell.

"Since the day is supposed to be one of real thanksgiving for the many benefits enjoyed during the past year a short church service in the morning is an ideal way in which to begin the day," Miss Cornell said. "A union service of a number of churches with inspiring music, appropriate prayers and talks will not only place the day on record as one of real thanksgiving but also will provide an inspirational meeting from which much community thinking should result."

"One should remember that the real feast is one in which the food is of superior quality properly prepared and that the arrangement of it in true American style calls for simplicity. A suitable menu for the feast may include grape fruit baskets, baked turkey with dressing and gravy, cranberry jelly, candied sweet potatoes, creamed cauliflower, tomato jelly with celery, individual plum puddings with hard sauce, nuts, raisins and coffee. Another may include tomato soup, celery, roast pork, tenderloin, stuffed baked potatoes, onions in cream, baked squash, pear salad, French dressing, pumpkin pie, currant jelly, nuts, raisins and coffee."

"Following the close of the Thanksgiving dinner the true homemaker has no opportunity to come forward with some sort of program with which to conclude the festivities of the day. Invited friends of both the children and the older members of the family can constitute a group which should obtain real Thanksgiving enjoyment from popping or parching corn, staging short one-act plays, making taffy or telling stories connected with the traditions of the day."

## CARRIED GUN; HEAVILY FINED.

Richard Johnson, colored, of the county, charged with carrying concealed a deadly weapon, was before Squire Fred W. Bauer Saturday morning. He was fined \$50 and costs and given a ten days jail sentence. Cornell Craig, colored, who was charged with carrying concealed a deadly weapon and disturbing a public gathering, was transferred to the Juvenile Court because of his age.

## FEDERAL PRISON.

Richmond, Ky., Nov. 19. — Tears and a plea made with a voice shaking with emotion failed to obtain clemency for Harry Wells, of Lexington, convicted of impersonating a government officer in federal court here Friday.

Federal District Judge A. M. J. Cochran listened to Wells' plea, but after long and careful consideration sentenced him to two years' imprisonment in the federal penitentiary at Atlanta, Ga.

"The only consideration I can possibly have for you," said Judge Cochran, just before he pronounced sentence, "is because of your wife and your little children. You have had them in court with you for the purpose of influencing your case. I am very, very sorry for them. But your reputation is bad. It is the judgment of the court, then, that you be confined in the penitentiary for two years."
